

to Section 1 of this act, or do you intend to somewhat reword and rework the amendment providing that it passes?

SENATOR HABERMAN: Providing that it passes, I'm going to have E & R work it into the bill under the section that is proper so that it will be more clear than it is now. And if you will give me the page number again or show me where it says in your bill now, read it and see if this isn't clearer. If we're talking about the green copy, right?

SENATOR GOLL: No, we're not talking about the green copy, Senator Haberman, we're talking about the amendment to the committee amendments that were printed in yesterday's Journal.

SENATOR HABERMAN: Okay, and they're on page what?

SENATOR GOLL: On page 1230. On page 1230 at the top of the page, four lines down.

SENATOR HABERMAN: Okay. It would fit in Section 1. Nope. Oh, it will fit in Section 3, line 12, no person shall be stopped, inspected or denied solely to determine compliance with Section 1 of this act. That's what your bill says. Mine just says it clearer and more simply.

SENATOR GOLL: Okay, so it's going to go in Section 3 then. That's where you intend to put it.

SENATOR HABERMAN: Yes.

SENATOR GOLL: And you do intend to reword it so that it's done properly. Is that correct?

SENATOR HABERMAN: Yes.

SENATOR GOLL: Because it is not proper now, is that also correct, Senator Haberman?

SENATOR HABERMAN: I will leave that up to E & R. I will see that it is proper, Senator Goll. If it isn't, I'll on Select File take it out.

SPEAKER NICHOL: Senator Beutler, did you wish to...were you through, Senator Goll? Okay, Senator Beutler, did you wish to speak to the Haberman amendment?
